No birds are harmed to create this jewelry. Birds naturally shed their feathers and they can be collected naturally.

These feathers come from the happy homes of individuals who rescue abandoned or homeless birds on the Big Island of Hawaii like: Starfire Sanctuary and Parrots in Paradise. These are places where they get the best of care and nutritious food, which makes their feathers even brighter and healthier.

Feathers used are the natural color, not dyed.

Adjustable necklace example.

Kandice's hand made signature bead slides snugly up and down the satin cording to adjust the length from a 16" choker to a 30" length necklace.
